Lutheran Services Florida Sarasota Guardianship Program

In response to the increasing need for guardianship services throughout Florida, the Lutheran Services Florida (LSF) Guardianship Program has continually expanded since it was originally founded in 1982. Currently, the Program serves incapacitated individuals in Sarasota, Manatee, Hillsborough, Escambia, Santa Rosa, Walton, Okaloosa, Charlotte and DeSoto Counties.

A guardian is a "person who has been appointed by the Court to act on behalf of either an individual's person, property, or both." The Court may appoint a guardian due to physical injuries, mental illness, developmental disabilities, Alzheimer's disease, or other age-related dementia.

The goal of the Sarasota Guardianship Program is to protect some of the community's most vulnerable citizens from abuse, neglect and exploitation while ensuring their quality of life with the dignity they deserve. LSF accomplishes this by being appointed guardian for individuals identified at risk enabling LSF to assess and monitor their ongoing physical, psychological, sociological and financial needs.

Because LSF is a non-profit organization, it often is the guardian of choice when the welfare of an indigent individual is at stake. Although the Program provides services to over 350 clients, nearly 70% of the clients in the LSF Guardianship Program are indigent. Without LSF, they would have no one to turn to for protection.

The Guardianship Program is able to serve these people because of the support it receives from the United Way, Sarasota County Government and contributions of generous individual donors, churches, and businesses.
