The Indigent Psychiatric Drug Program (IDP) was created to assist uninsured indigent individuals gain better access to prescription medications. Network Service Providers contracted for IDP services must comply with the requirements of this Incorporated Document.

The IDP serves adults with serious mental illnesses and persons with co-occurring substance use and mental health disorders who meet financial eligibility criteria as outlined in Attachment I of this contract. IDP may be used to order additional psychotropic medications from the IDP “warehouse” or a pharmacy of choice (for urgent needs). IDP Network Service Providers are required to actively participate in patient assistance program (PAP) for medication offered by pharmaceutical manufacturers. Medications from PAP must be exhausted before use of IDP is permitted.

### Eligibility Criteria

Funds allocated for purchasing psychotropic medications or medications accessed through line of credit from the IDP are used for individuals who meet any of the following criteria:

- **a)** Annual income that is at or below 150 percent of the Federal Poverty Income Guidelines, as published annually in the Federal Register.

- **b)** No liable third-party insurance or other source of psychotropic medications available, nor is the individual a participant in a program where psychotropic medications are paid for by any other funding source.

- **c)** If the individual has third party insurance for psychotropic medications but has temporarily been denied benefits for these medications until such time as eligibility has been reestablished.

### The role of the Network Service Provider is to:

1. Establish and document client’s eligibility in the individual’s chart;

2. Participate in manufacturer’s patient assistance programs (PAP) for medications needed by a significant portion of individuals served by Network Service Providers; and

3. Participate in any regional training events made available by the Managing Entity. The Network Service Provider shall participate in any training events made available by the Louis De La Parte Florida Mental Health Institute at the University of South Florida’s Medicaid Drug on the at Program’s website at:
